The Difference
Local Presence, Global Range
Leveraging local market knowledge with global relations to deliver tailored solutions
Full Service Capability
Multidisciplinary services integrated with leading-edge technology tools to engineer complex projects
Extreme Service
Striving to exceed clients’ expectations every step of the way

The Mission
PERFORMANCE
HIGH
DESIGN • OPERATIONS • BUILDINGS

The Experience
Mechanical • Electrical Plumbing • Fire Protection
Designing complex, high-performance buildings using the latest technology.
Structural
Innovative solutions with high functionality in mind, using 3D modeling and advanced techniques.
Technology
RCDD-credentialed staff producing cutting-edge designs, meeting evolving demands.
Energy Services
Delivering energy and water efficient operations in new and existing buildings through commissioning, energy audits and energy modeling.

The Numbers
12 OFFICES NATIONALLY
100 REGISTERED PEs
313 LEED CERTIFIED PROJECTS
350+ EMPLOYEES
60+ YEARS OF EXCELLENCE
PROJECTS IN 20 COUNTRIES ON 5 CONTINENTS
